## YOUR KEY TO WORRY-FREE DRIVING

### Why Lease?

Leasing offers the best alternative to conventional automobile financing in today's high-priced market.

Qualified customers pay only for the portion of a vehicle's value they intend to use. Plus, leasing offers these unique benefits:

- **Low down payment**
- **One monthly payment covers all**
- **Drive a new car every three years**
- **No re-sale risks or trade-in hassles**
- **Includes insurance, maintenance, licensing and inspection every year**
- **Free loaner if your leased car is off the road for mechanical problems for more than three business days**
- **No body shop hassles if you are involved in an accident**
- **No hidden charges**
- **Sell your present car and put the money in the bank to earn interest**

### The Smart Way to Drive a New Car!

There are no surprises with NMC Leasing. The terms are spelled out up front so you know exactly what to expect. An NMC car lease is easy to arrange. Just fill out the attached application and we'll be in touch.

*Terms and conditions subject to change*

## A COMPANY YOU CAN TRUST

### Why Pay More?

With the average cost for a good new car today continuing to increase, using traditional financing you would have to raise a 10-25 per cent down-payment plus the first year's insurance premium.

With NMC Leasing you pay a three-month lease fee and drive away with your money in the bank earning interest!

For a convenient, single monthly payment you enjoy all the benefits, and avoid all the problems, of vehicle ownership. No worries about paying the insurance company, paying for maintenance, licensing, or the other expenses associated with owning a new car.

All required services are performed by NMC's factory-trained technicians at no cost to you. Normal wear items and all engine components are replaced when necessary at no cost to you. (Damage to tyres, antennas, or other parts of the vehicle is not included).

Should a claim on our insurance policy be necessary, you are responsible for the deductible or any increase in premiums. If you are involved in an accident, simply report it to the police and the insurance company, pay your deductible and leave the rest to us. We will take care of all the repairs.

All services (accident or maintenance) must be performed by or through Nassau Motor Company. If your car is off the road for more than three working days as a result of a mechanical problem, a free loaner vehicle will be provided. In the event of an accident, no loaners are available unless available through the insurance of the car that hit you.

### About Nassau Motor Company

NMC is the full-service distributor for Honda and Chevrolet vehicles available to this market and ACDelco parts in the Bahamas. The company was founded in 1940 and has built a reputation for the delivery of quality products and reliable service with integrity.

## LEASING QUESTIONS & ANSWERS

### Q. What happens if I return my vehicle before the lease expires?

A. The lease must be paid in full for one year plus a 25 per cent surcharge on the balance due.

### Q. Who provides the insurance?

A. NMC Leasing arranges insurance for every vehicle it leases. Premium costs are included in your monthly payments. You may be required to complete an insurance application.

### Q. What happens if the vehicle is stolen?

A. Unfortunately, insurance coverage does not extend to a rental car if your vehicle is stolen. NMC Leasing will make every effort to provide alternative transportation where possible. Insurance coverage will replace a stolen vehicle if it is not recovered within four to six weeks.

### Q. In what condition must I return the car?

A. Treat the vehicle in a responsible manner as if it were your own. Any problems will be pointed out at your service intervals.

### Q. Who can drive the car besides me?

A. Only the lessee and his or her spouse may drive the car unless approved by the insurance company. The insurance deductible is \$600 for drivers 27 years or older, and \$900 for drivers under 27.

### Q. How do we handle payments?

A. At inception we would like to receive 12 post dated cheques. We will send a reminder when we use the last one.
